Affordable, Roller Shades

Features

- Nino Shades are designed to blend seamlessly into the window, making them nearly invisible when in place.

- Available in 5 colors: White, Warm White, Black, Char Brown and Clear Anodized.

- Adjustable end limits using the included remote control, or through TRO.Y when connected to a Helen.

- Industry standard light gaps, as small as 3/4", depending on size and configuration

- Group control through included RF remote, third-party integration, or through Troy when connected to a Helen.

- Sunscreen, Light Filtering and Black-out fabrics available.

- The new Dual protocol motor from Screen Innovation enables seamless programming and control via Zigbee and RF remote controls, offering effortless programming and control.

- Lithium battery powered shades up to 2 years between charges*, feature soft start and stop technology for smooth and quiet operation.

*Battery Life dependent on Motor type and battery size
