# NIÑO ROMAN SHADES

Features

- Niño Roman motorized shades come equipped with a USB-C rechargeable lithium battery.

- Allows blackout or partial light filtering to control natural light and temperature, helping reduce energy use.

- Hardware is available in five stylish color options: Black, White, Warm White, Char Brown and Clear Anodized.

- Tightly woven for durability and structure, with subtle tonal variations that add visual texture.

- The shades are designed to be durable and low - maintenance. The fabric is resistant to stains and wrinkles, and the motor components are built to last, providing you with years of reliable service.

- Group control functionality via RF remote or smart home platforms makes it easy to operate multiple shades simultaneously.

- Adjustable end limits with the included remote control.

- Lithium battery powered shades up to 2 years between charges*, feature soft start and stop technology for smooth and quiet operation.

  *Battery Life dependent on Motor type and battery size
